

PATENT
10/613,788REMARKS

Claims 1-18 are pending.

Applicant respectfully submits the present amendments to the claims obviate the cited references of record. Support for the present amendments to the claims may be found at page 6 of the specification. Specifically, the claims now recite the precise timing of initial administration of a topically active corticosteroid.

It is believed that this response is timely filed along with the appropriate fees for a three-month extension of time. If there are other fees due, Commissioner is authorized to draw them from Deposit Account 502-235. If there are any questions or comments, Applicant's attorney may be reached at the telephone number state below.

Respectfully submitted,

October 22, 2007
